

# Summer Saturdays 2019

## Reports and Results

### Event 1 - 5 Jan 2019

Harrington Park South – Peter and David organisers

Peter's report – Got hot quickly.

The weather forecast for SHOO's first Summer Sats event of the 2019 series predicted very high temperatures. Fortunately, it had been decided to move the start time for this year to the morning. This allowed controls to be put out in the relatively cool of the early morning and the start time of 9.30 am provided an incentive for competitors to have their run early before the extreme temperatures hit after lunch.

Another innovation, introduced by Series Co-ordinator Lyn Malmgron, was to provide a separate area for new competitors to be given information about the event. This included course selection, registration form completion and coaching on map reading and navigation. She was ably assisted in this by a large group of experienced SHOO members who volunteered to assist.

Over 50 entries were received including a large number of 'newbies'. This was no doubt due to Dean Williamson's Facebook advertising and spreading the word at local park runs. It was particularly pleasing to see the return of previous SHOO members, the Fulford family, for a run.

Men's Score Course: Dean Williamson had a perfectly judged run by gaining 260 points with just 5 seconds to spare. He just pipped ex SHOO stalwart Rob Prentice on 250 points. Third was Craig Roach on 240 points, which included 20 penalty points. Angus Shedden was unfortunately slowed down by an injury, sustained during his run.

Women's Score Course: Ruth Shedden was a comfortable winner on 250 points. Kay Heinecke was next on 210 points with Melanie Christie from the Uringa club third with 200 points.

Men's Easy Course: The Shedden brothers battled it out around the 2.1 km course, with Rory shading Euan by the slender margin of 44 seconds. Max Soire was third, 3 minutes behind.

Women's Easy Course: Sarah Cummings had a comfortable 2-minute win over Angel Meischke with Michelle O'Han third.

Thanks go to:

Lyn Malmgron for organising the new initiatives and her large band of 'newbie' coaches.

David Squires for helping put out controls and assisting with registration.

Garry Stewart for manning the SI computing gear.

Ruth Shedden, and Garry and Sandra Stewart for helping with control collection.

See you next week at Mt Annan.

## Event 2 - 12 Jan 2019

Mt Annan Town – Liz and Dean organisers

Garry's report - It was hot but not as hot as last week.

The map was in 2 parts and most runners decided to attack either the east or west halves with a few controls down the middle. It didn't appear to matter which way you went and getting all controls was going to be a tall order. Angus Shedden almost made it but was carrying an injury.

Josh Blatchford gave it a good shot, collecting all controls but scored a 70 point penalty. Craig Roach also gave it a go, collecting all but 1, and receiving 30 points time penalty. It was good to see Rob Prentice back for another run, along with family.

In the women's it was Ruth Shedden closely followed by Rhiannon Prentice and Corinne Fulford. The Sheddens made it 3 out of 3 when Rory took out the Mens Easy, followed by brother Euan.

It was good to see the Murphys again with Helen first around the Womens Easy line course followed by Sarah Cummins and Ailie Carroll.

Thanks to everyone who helped out – particularly those who helped with the newcomers. Great job Liz.

M Score		Club	Time	Score	Penalty
